

SPIRITUAL WARFARE

1. Angels are God's servants who are doing much of His work on this earth at His command.
2. The demons of satan are resisting and fighting against the angels of God.
3. Satan and his demons have a great deal of influence and power in this world.
4. The ones winning in the war determine, to a great extent, the outcome of the affairs and events of those living on this world.
5. When we pray, God commissions His angels to accomplish His will.
6. When we pray, God energizes His angels to overcome all resistance to the accomplishment of God's will.
7. The failure to pray creates a spiritual energy crisis that allows the kingdom of evil to prevail in our world.
