

# An Informed Voter

As Christians, we often struggle with understanding our role and responsibility in the political realm. In this course we explore the biblical foundation for our responsibility in politics. This is followed by a series of discussions on the political structure in Oregon and specifically in Marion, Linn and Benton Counties. The course provides specific details on how to evaluate federal and state office holders and candidates. Special focus is given to involvement and evaluation of local governments and the 922 elected positions in our three counties. This is a great way to learn how to become An Informed Voter.
